## SUMMARY

Dynamic full-stack developer with a proven track record at Elevateher Innovation Space, excelling in code quality and efficiency. Expert in HTML5, CSS3, and JavaScript, I effectively mentor peers while advocating for best practices in source control and automated builds, fostering a collaborative and innovative development environment.

## EXPERIENCE

### code review

elevateher innovation space sept 2024 - present

- Reviewed code to ensure quality, efficiency, and adherence to best practices in full-stack development.
- Mentored students on coding standards, debugging techniques, and scalable application design.
- Implemented and advocated for best practices in source control, automated builds, peer reviews, and unit testing to improve development workflows.

## EDUCATION

**Alqalam University Katsina**

March 2020
